As I Lay Dying

Richard John Neuhaus

As I Lay Dying Richard John Neuhaus

Several years ago, a ruptured tumor almost killed Richard John Neuhaus. During a series of complicated operations, weeks in critical condition, and months in slow recovery, he was brought face to face with his own mortality. As he lay dying and, as it turned out, recovering, he found that despite his faith he had been quite unprepared for the experience. This book traces his efforts to understand his own reactions and those of his friends and family, and explores how we as a culture understand and deal with death. *As I Lay Dying* testifies that dying is-and is not-part of living. We can and should live our dying. Neuhaus interweaves his own story with thoughtful inquiry, circling through philosophy, psychology, literature, theology, and his own experiences to create provocative meditations that explore the many aspects of dying: the private and public experience, the separation of the soul from the body, grief, surrender, and mourning. The result is a book that shakes the foundations of our being-and yet is oddly and convincingly tranquil.
