Falconry: The Essential Guide

Steve Wright

Falconry: The Essential Guide Steve Wright

Aimed at both those who are on the point of taking up falconry as well as those who already have hawks, this guide examines all aspects of the sport and is packed with practical advice and information. The author's enthusiasm for his subject is infectious and the text is written in a clear, accessible style. His realistic approach to falconry is demonstrated by his assertion that we should "not let people over-complicate the theory" and that we should "stick to common sense and consistency."
