Accessing Capital Markets through Securitization

Accessing Capital Markets through Securitization

This innovative collection, written by securitization professionals and edited by finance guru Frank Fabozzi, thoroughly explains the basics and the mechanics of securitization and shows how securitization can help more institutions offer innovative fixed-income products.

Further, it discusses the effects of the capital markets on securitization and helps financial professionals decide whether or not to securitize. Filled with strategies and techniques, financial professionals will learn how to use float asset-backed offerings and how to hedge against risk and default.
