Develop historical thinkers through the stories that defined history

In *By the People*, author Jim Fraser tells resonant stories of the many different people who have shaped the United States as it is today – from everyday women and men to the most important leaders of their day. By leveraging both the relatable and remarkable people in U.S. history, *By the People* empowers students to focus on historical analysis and interpretation rather than simply memorize information. The result? A class full of historical thinkers who see themselves in history, and who may be inspired to join the list of those who have helped build a better, more hopeful country.

Enhance learning with MyHistoryLab

MyHistoryLab for the U.S. History Survey course extends learning online, engaging students and improving results. Media resources with assignments bring concepts to life, and offer students opportunities to practice applying what they've learned. And the Writing Space helps educators develop and assess concept mastery and critical thinking through writing, quickly and easily. Please note: this version of MyHistoryLab does not include an eText.

By the People: A History of the United States is also available via **REVEL™**, an immersive learning experience designed for the way today's students read, think, and learn.
