Girl Raises Eclipse: A Modern Tale of Pride and Prejudice, Volume 4 of the 'Girl Rocks Universe' saga C M Mitchell

Like every book in the series, this novel can be read without reading any other books in the saga, but all the books are linked to each other. 'It's an observation, universally remarked on, that a younger sibling must be, in some way, jealous of their older sibling. And the older sibling must think the younger sibling is spoiled. I've always hated that assumption because it is not always the case.' William and Geneva Darcy (Georgiana Darcy) were a brother and sister born into a family of wealth, happiness, and prosperity. Yet only one thing continues to get in the way of all the gifts they've been given: their constant warring with each other. Both, since they were kids were struck with a strong sense of sibling rivalry that plagued them well into their teens. Yet as tragedy begins to strike at them from all sides, both siblings join together and help rebuild the life that fell apart around them. Yet, unaware of their good luck, both brother and sister find something that they never expected to discover: two people who they would soon fall fully and irrevocably in love with. As Darcy found his destiny in Issy Bennet of Hertfordshire Wyoming, only time would tell who was the man good enough to win the heart of Geneva Darcy, the lively and spunky heroine from Ashford, England. The tale of Geneva Darcy, Mr. Darcy's little sister, is now told in a modern and epic coming of age story!
