Advances in Membership Categorisation Analysis

Advances in Membership Categorisation Analysis

This is an exciting addition to the dynamic, multidisciplinary field of membership categorization analysis. Bringing together the biggest names in MCA this landmark publication provides a contemporary analysis of the field and a platform for emerging researchers and students to build upon.

The book sets out the current methodological developments of MCA highlighting its analytic strength – particularly when examining social identity and social knowledge. It provides a sophisticated tool of qualitative analysis and draws from a wide range of empirical studies provided by global scholars.

The culmination of years of international research this agenda-setting text will be essential reading for academics and advanced students using membership categorization across the social sciences; particularly in media and communication studies, sociology, psychology, education, political science and linguistics.
