Can love repair a shattered life in time to save the world?

Daniel Logan is on a lonely quest to find out what drove his lover, a wealthy, respected archaeologist, to take his own life. The answer—the elusive “key” for which Jason was desperately searching—lies somewhere on a dangerous and deadly section of Salisbury Plain.

The only way to gain access, though, is to allow an army explosives expert to help him navigate the bomb-riddled military zone. A man he met once more than three years ago, who is even more serious and enigmatic than before.

Lieutenant Rayne has better things to do than risk his life protecting a scientist on an apparent suicide mission. Like get back to Iraq and prove he will never again miss another roadside bomb. Yet as he helps Dan uncover the truth, an attraction neither man is in the mood for springs up against their will. And stirs up the nervous attention of powerfully placed people—military and academic alike.

First in conflict, then in passion, Rayne and Dan are drawn together in a relationship as rocky and complicated as the ancient land they search. Where every step leads them closer to a terrible legacy written in death...

Warning: Contains bombs, archaeology and explicit M/M sex, not necessarily in that order.
