Growing Like Me

Anne Rockwell

Growing Like Me Anne Rockwell

Everything in nature grows up--just like you and me!

It's springtime, and the local pond is bursting with new life. Shiny black pollywogs are growing into fat frogs, and baby robins hatch from pale blue eggs. The blackberry bushes are full of sweet, juicy berries, and new monarch butterflies emerge from their cocoons. Listen closely, and you can hear the cheeping ducklings announcing, "Spring is here!"

Anne Rockwell and Holly Keller, two beloved children's book creators, team up to celebrate this season of growth.

From reader reviews:

Robert Hatch:

Nowadays reading books are more than want or need but also get a life style. This reading behavior give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book which improve your knowledge and information. The knowledge you get based on what kind of guide you read, if you want have more knowledge just go with education books but if you want truly feel happy read one along with theme for entertaining for instance comic or novel. The actual Growing Like Me is kind of reserve which is giving the reader unpredictable experience.

Jerry Montgomery:

Reading a publication can be one of a lot of action that everyone in the world loves. Do you like reading book thus. There are a lot of reasons why people enjoy it. First reading a publication will give you a lot of new info. When you read a reserve you will get new information since book is one of various ways to share the information as well as their idea. Second, studying a book will make an individual more imaginative. When you reading through a book especially fictional book the author will bring you to definitely imagine the story how the personas do it anything. Third, you can share your knowledge to other individuals. When you read this Growing Like Me, you may tells your family, friends along with soon about yours publication. Your knowledge can inspire different ones, make them reading a e-book.

Wesley Mansour:

Many people spending their time by playing outside together with friends, fun activity along with family or just watching TV the whole day. You can have new activity to invest your whole day by reading a book. Ugh, do you think reading a book can actually hard because you have to accept the book everywhere? It all right you can have the e-book, taking everywhere you want in your Smart phone. Like Growing Like Me which is keeping the e-book version. So , try out this book? Let's see.

Douglas Ham:

Do you like reading a reserve? Confuse to looking for your best book? Or your book had been rare? Why so many concern for the book? But almost any people feel that they enjoy to get reading. Some people likes examining, not only science book but additionally novel and Growing Like Me or even others sources were given know-how for you. After you know how the truly amazing a book, you feel wish to read more and more. Science reserve was created for teacher as well as students especially. Those publications are helping them to bring their knowledge. In various other case, beside science reserve, any other book likes Growing Like Me to make your spare time a lot more colorful. Many types of book like this one.
