Not only did I do extremely well on my first research paper by using this book, but now, whenever I have a writing assignment, I refer to this book as a guide. It teaches the skills needed to construct and accomplish a successful research paper, and provides knowledge that can be used to process massive amounts of information in our knowledge-driven world. It truly is a valuable asset in my life. I would recommend this well-crafted book to anyone who wants to succeed in writing a research paper and writing overall." Jeanette Morelan, Prairie School, Racine, Wisconsin "When I was in Mrs. Blandford's class, I learned to write a research paper. While I was in high school, she published her research paper unit as a book, and I used it to write my papers. Then, as a college student, I became dependent on it as a resource. Now that I am an English teacher, too, (with a crucial pit stop of student teaching in her classroom), I have been on the teaching side of her process. This book is the most complete research paper learning tool I have encountered." Tom Tuttle, Starbuck Middle School, teacher, Racine Unified School District "I love this book! It made writing a research paper so much easier than I thought it would be! Just relax. The book will help you be organized. Make sure all your steps are done and turned in, and your whole paper will be done on time. Don't get stressed and do your best!" --Joseph Vital, student, Park High School, Racine Unified School District "With a book of guidelines like this, writing the BEST research paper EVER couldn't be simpler!"
