Beasley's Surgery of the Hand

Robert W. Beasley

Beasley's Surgery of the Hand Robert W. Beasley

While new techniques and instruments are constantly being developed, the fundamental concepts and principles of hand surgery remain the basic components of every surgeon's knowledge. This book provides the vital information needed to perform all types of hand surgery, including a guiding philosophy and systematic approach that reduce even the most difficult problems to manageable solutions. Written by world-renowned hand surgeon Robert W. Beasley, this book shares his 40 years of clinical experience and vast knowledge to help you make strong and effective surgical decisions.

The text is augmented by nearly 1,400 exquisite, high-quality illustrations that explain important points and give meaning to theoretical concepts. The clinical photographs depict the entire process from the initial problem through the post-surgical results, and the anatomical drawings were created by award-winning artist and illustrator Leon Dorn especially for this book.

From reader reviews:

Shirley Smith:

The book Beasley's Surgery of the Hand can give more knowledge and information about everything you want. So just why must we leave a very important thing like a book Beasley's Surgery of the Hand? A number of you have a different opinion about reserve. But one aim in which book can give many info for us. It is absolutely right. Right now, try to closer with your book. Knowledge or info that you take for that, you can give for each other; you could share all of these. Book Beasley's Surgery of the Hand has simple shape nevertheless, you know: it has great and massive function for you. You can look the enormous world by wide open and read a guide. So it is very wonderful.

Steven Slaughter:

Nowadays reading books be a little more than want or need but also work as a life style. This reading addiction give you lot of advantages. The benefits you got of course the knowledge the actual information inside the book that will improve your knowledge and information. The information you get based on what kind of book you read, if you want have more knowledge just go with education books but if you want sense happy read one together with theme for entertaining such as comic or novel. The actual Beasley's Surgery of the Hand is kind of reserve which is giving the reader unstable experience.

John Singletary:

Information is provisions for people to get better life, information presently can get by anyone in everywhere. The information can be a knowledge or any news even a problem. What people must be consider when those information which is in the former life are difficult to be find than now could be taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you find the unstable resource then you buy it as your main information there will be huge disadvantage for you. All of those possibilities will not happen inside you if you take Beasley's Surgery of the Hand as the daily resource information.

Hoyt Knapp:

Are you kind of busy person, only have 10 or perhaps 15 minute in your day to upgrading your mind expertise or thinking skill possibly analytical thinking? Then you are receiving problem with the book than can satisfy your short period of time to read it because pretty much everything time you only find guide that need more time to be study. Beasley's Surgery of the Hand can be your answer because it can be read by a person who have those short free time problems.
