Nits Michele Harris

An insidious parasite is working its way through the suburbs of Washington, D.C. NITS follows the trail of a virulent outbreak of head lice as it wreaks havoc on the lives of a social climbing mother of a scholarship student, a buff young Latin teacher and a controlling do-gooder who is so consumed with exterminating the pest, people start calling her the "Lice Nazi." A social satire with bite, NITS explores the themes of class, ambition, and the unavoidable interconnectedness of modern life.

From reader reviews:

Elizabeth Wiggins:

As people who live in typically the modest era should be update about what going on or information even knowledge to make all of them keep up with the era that is certainly always change and move ahead. Some of you maybe will probably update themselves by reading books. It is a good choice for yourself but the problems coming to a person is you don't know what kind you should start with. This Nits is our recommendation to make you keep up with the world. Why, since this book serves what you want and need in this era.

Jean Proffitt:

Nowadays reading books are more than want or need but also turn into a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information. The info you get based on what kind of reserve you read, if you want send more knowledge just go with education books but if you want experience happy read one having theme for entertaining like comic or novel. The particular Nits is kind of guide which is giving the reader erratic experience.

Suzanne Robbins:

Is it anyone who having spare time and then spend it whole day through watching television programs or just laying on the bed? Do you need something totally new? This Nits can be the response, oh how comes? The new book you know. You are consequently out of date, spending your free time by reading in this new era is common not a nerd activity. So what these publications have than the others?
