Authentic Thailand Street Food Cookbook: Fast and easy recipes from some of the best street food vendors in Thailand James Conway

I've spent over 4 years living in Thailand and have eaten at some of the best and most popular restaurants. But the first time you have a taste of the street food, it will change your life forever. No matter how expensive or popular the restaurant is, it doesn't come close to comparing in taste to what the street vendors serve.

So after living there for a year I decided that I wouldn't leave Thailand until I mastered the art of cooking Thai street food vendor style. I started dating this beautiful woman Duan (who is now my wife), Duan is from a family of street vendors, her mother and father have carts in the Rawai area of Phuket, while her and her cousin ran carts in the Kathu area. Needless to say I have now mastered this style and have cooked numerous times for her and her family leaving a good impression upon my In-laws.

In this book I will show you some fast and easy to make recipes suited for novice to advanced cooks. From all the years spent in Thailand I compiled my favorite recipes that will make me feel like I'm in Bangkok. Thai food is not as complex as people think, some street vendors will have a 20+ item menu with only a small cart connected to a motorbike with one stove and a BBQ grill. It's the Thai equivalent of a fast food restaurant.
