Would your students jump at the opportunity to be an investigator, or do they dread the prospect of doing a research project? If your students meet the challenge of research projects with dread rather than enthusiasm, it may be that they are overwhelmed by the task.

Investigator presents a step-by-step plan for independent study. This is the guide you'll need for the very best in written and oral presentation. The easy-to-follow format breaks down the project into easily-attainable steps. Students will first conduct research and then communicate their information via an oral presentation and a written report. The informative text includes information on selecting a topic, researching, conducting an interview, taking a survey, and making a speech. This book is sure to produce successful written and oral presentation.

This format makes for an organized, easily implemented research project for both the instructor and the student. The only things missing are curious students and reference materials. So start recruiting investigators!
