La Ciencia de la Programación Neurolingüística: Para El Dominio De La Mente (Spanish Edition)

John Sravsky

Cuando fui a un seminario sobre liberación de la mente, vi como una mujer que no podía salir a la calle porque tenía fobia a los perros y vi como en 15 minutos ese miedo irracional se destruía, y la mujer pudo salir a la calle sola, sin nadie al lado y caminar junto a un perro, me di cuenta que estaba frente a algo muy poderoso.

Han existido genios de la terapia pero que ellos mismos no saben explicar como es que pueden hacer que una persona sin trabajo, con pocas oportunidades, pase a ser una persona que lo respeten y que escuchen lo que dice, que consiga asensos con rapidez y que actúe con una buena actitud.

Por primera vez un grupo de investigadores pudo descubrir que es lo que pasaba, que era lo que podía transformar la vida de alguien. No es magia, si no que son técnicas muy específicas que permiten cambiar como las personas procesan la información que los rodea y proveerlas de una programación dinámica que prepare para el éxito en el ámbito que sea.

Este libro lo hice para revelar todos estos métodos agrupados de una manera completa para que adquieras un control de tu mente y de tu vida.
