**A psychic who works in a hospital shares some of her most memorable cases and what she has learned from those who have just passed over**

As a therapist and frontline social worker in a busy emergency department, Katrina faces psychological trauma, death, and grief every day of her working life. What makes her story so powerful is that she also communicates and receives messages from the souls of those who have died. Here she tells some of her many amazing stories from the death of a small baby, to a father who suicides, showing that those who have passed over continue to communicate with us and that death is anything but the end. Using her remarkable ability to talk with those who've passed over, she discovers a bounty of wisdom, and answers to some of life's greatest questions.
