Andin Teller can change the world with a pencil and paint brush. Teller isn't just his name. It's what he is—someone who can change memories, reality and even shift time with the right story. But it doesn't come without a cost. When he discovers his mother is part of an otherworldly organized crime family in the middle of a secret war—and has been kidnapped by a rival family, Andin sets out to rescue her with his only two friends, Taryn, a crazy mathematics genius, and deep-thinking, motorcycle-driving Itoshi. With their help, Andin navigates a world he doesn't understand, taking on family betrayers, killers, and others like himself who have powers greater than his own.
