The Phlebotomy Textbook

Susan King Strasinger DA MLS(ASCP), Marjorie Schaub Di Lorenzo BS MLS(ASCP)SH

The Phlebotomy Textbook Susan King Strasinger DA MLS(ASCP), Marjorie Schaub Di Lorenzo BS MLS(ASCP)SH

*“Quality, safety, and education issues were obviously very much a part of the authors’ agenda. I was pleased to see the authors concentrate efforts on **why** procedures and techniques are performed a certain way. I believe that understanding why we do things a certain way makes for less deviation from established protocols.”*—Carol Becker, MS, MLS(ASCP), Program Director, School of CLS/School of HT, OSF Saint Francis Medical Center, Peoria, Illinois

Rely on this comprehensive resource to master the techniques required to safely obtain quality specimens *and* to understand the whys as well as the hows.

Their 3rd Edition reflects current CLSI standards and offers greater emphasis on quality assessment and preanalytical considerations. It includes up-to-date information on safety equipment, phlebotomy techniques, laboratory information and identification systems, ethical and legal issues, medical terminology, body systems and related diagnostic laboratory tests.

Routine procedures and their complications as well as specialized phlebotomy, quality control, infection control, equipment, and additional duties of the phlebotomist are all thoroughly discussed.

Hundreds of new full-color illustrations • certification-style Study Questions • new Procedure and Pre-analytical Consideration boxes • and a CD-ROM with interactive student exercises and video clips make this edition even better than the last.

From reader reviews:

Arnold Grigg:

In this 21st one hundred year, people become competitive in each way. By being competitive at this point, people have to do something to make themselves survive, being in the middle of typically the crowded place and notice through surrounding. One thing that occasionally many people have underestimated the item for a while is reading. Yeah, by reading a book your ability to survive rises then having a chance to remain than other is high. For you personally who want to start reading some sort of book, we give you this kind of The Phlebotomy Textbook book as nice and daily reading e-book. Why, because this book is more than just a book.

Eric Campanelli:

Nowadays reading books is not just a want or need but also turns into a life style. This reading practice gives you a lot of advantages. Associate programs you get of course the knowledge even the information inside the book which improve your knowledge and information. The data you get based on what kind of e-book you read, if you want to drive more knowledge just go with education books but if you want to truly feel happy read one together with them for entertaining for instance comic or novel. The actual The Phlebotomy Textbook is a kind of publication which is giving the reader an unforeseen experience.

Mindy Simmons:

Many people spend their time by playing outside with friends, fun activity using family or just watching TV the whole day. You can have new activity to invest your whole day by reading through a book. Ugh, you think reading a book can be actually hard because you have to take the book everywhere? It's fine you can have the e-book, having everywhere you want in your Smartphone. Like The Phlebotomy Textbook which is keeping the e-book version. So, why not try out this book? Let's notice.

Steven Allen:

That publication can make you feel relaxed. That book The Phlebotomy Textbook was vibrant and of course has pictures on there. As we know that book The Phlebotomy Textbook has many kinds or categories. Start from kids until teenagers. For example Naruto or Private Eye Conan you can read and think you are the character on there. Therefore not all of books tend to be boring, any it offers up you feel happy, fun and loosen up. Try to choose the best book to suit your needs and try to like reading that.
