The Secrets of the Mojave Branton

This book is aptly sub-titled, "Or the Conspiracy Against Reality". The author carefully lays out the evidence and facts as it pertains to the UFO-Alien arena. This is not "just another UFO book." It goes beyond the unexplained lights in the sky, the flickering electric lamp, and the dog that cowers in the corner. The evidence is deep, very deep. Astonishing conclusions are reached through this very thorough compilation from years of study from UFO researchers. Chilling reading, it is a must for every library. Fully indexed and illustrated.
