The Art of War Sun Tzu

The 13 chapters of *The Art of War*, each devoted to one aspect of warfare, were compiled by the high-ranking Chinese military general, strategist, and philosopher Sun-Tzu. In spite of its battlefield specificity, *The Art of War* has found new life in the modern age, with leaders in fields as wide and far-reaching as world politics, human psychology, and corporate strategy finding valuable insight in its timeworn words.

Aidan Gillen - who has learned a thing or two about strategy through his roles as skilled manipulator Petyr "Littlefinger" Baelish (*Game of Thrones*) and ambitious politician Tommy Carcetti (*The Wire*) - brilliantly performs this ancient classic. His experience in portraying insightful and, at times, cunning characters makes him a natural fit for this ancient collection of battlefield epigrams whose influence has grown tremendously in the modern world.
