*Richard Porter*

**Top Gear: Ambitious but Rubbish: The Secrets Behind Top Gear's Craziest Creations** Richard Porter  
*Ambitious but Rubbish* reveals the off-camera secrets behind some of *Top Gear*'s most memorable creations.

From the challenge of turning a Reliant Robin into a rocket and the genesis of the Hammerhead-i Eagle Thrust electric car to the complexities of building a caravan airship and the inspiration for destruction-testing a Toyota Hilux, this book is packed with the previously untold stories behind dozens of classic TV moments.

*Top Gear* has never shied away from trying to answer questions no one has even thought to ask. Questions like 'Can you make a convertible people carrier?', 'Can you cross the Channel in a pick-up?' and 'Can you turn a combine harvester into a snow plough?'. *Ambitious but Rubbish* reveals how those insane ideas came about with remarkable tales of ingenious invention and idiotic engineering.

This book is essential reading for any *Top Gear* fan and a terrific insight into the creation of the world's biggest car show. It's also a terrifying window into the minds of Jeremy Clarkson, Richard Hammond and James May. Don't say you weren't warned about that last one.
