El drama de las comedias: Comedia de enredos e intrigas (Teatrología-Anagramas parafrásticos) (Spanish Edition) José Antonio Martínez Álvarez

En este anagrama parafrástico se reúnen varios de los paradigmas en el género del melodrama, para construir en las fronteras de la más dura realidad y de la más pura fantasía, una serie de situaciones vivenciales sin solución de continuidad que van encadenándose de una manera casi onírica y con frecuencia lúdica, para presentar actitudes e historias inherentes a la especie humana, sobre todo por lo que respecta a la época moderna, teniendo como hilo conductor la presencia de un pianista que interpreta las emociones y sensaciones que los actores encarnan a lo largo de tres actos intensos en que se condensan las alegrías y los dolores relacionados en su mayor medida con el sentimiento amoroso de los jóvenes, con sus flagelos de sombras y de luces de bohemia.

Obra destinada a un público universal, con algunas escenas de crítica social y política alusivas a México.
