*J.J. Pizzuto's Fabric Science Swatch Kit, 11th Edition* reinforces the study of textiles for students in fashion design, merchandising, interior design, product development and home furnishings. The kit contains 114 (2"x 3") fabric samples, a fabric key, 40 special assignments, heavy-weight sample sheets to mount and analyze fabrics, and a pick glass - all contained in a three-ring binder. The swatches are organized in the order in which they are covered in the text: fibers, yarns, weaves, knits, dyeing, printing and finishes. Swatches represent the types of fabrics currently available to fashion and interior designers in the field, making this resource an excellent addition to any professional library.

~The text contains instructions and a new video tutorial that takes students through the process of assembling their swatch kit and using a pick glass.

~A Fabric Key identifies the swatches by number and fabric name, description and fiber content.

~Assignments are designed to reinforce the text and classroom lectures and have been developed by FIT instructors to broaden student's understanding of key concepts in textiles through hands-on labs and problem solving activities.

~Students will successfully develop keen observation, analysis and report writing skills.
