Dinosaurs Funny & Weird Extinct Animals: Learn with Amazing Dinosaur Pictures and Fun Facts About Dinosaur Fossils, Names and More, A Kids Book About Dinosaurs (Funny & Weird Animals) (Volume 2) P. T. Hersom

Discover Amazing Dinosaur Fun Facts, Funny Duck-billed Dinosaurs to the Weird Bone-headed Dinosaur

Dinosaurs may be prehistoric animals that have been extinct for millions of years, but that does not make them any less funny and weird. Almost like walking with the dinosaurs we will discover dinosaur fossils, eggs, tracks and even what dinosaur names mean. Exploring dinosaur bones from around the earth, we will see dinosaur pictures of the T Rex, raptor and more. Like the dinosaur that was so tall, it could look into a window on the sixth floor!

Come discover with your children inside this book, funny and weird dinosaurs and extinct animals that will keep your young readers interested in reading this book over and over again. Filled with colorful graphic dinosaur pictures and interesting dinosaur names and facts, this children's book is designed to be a learning tool too, with "What did You Learn Today" fun questions and answers.

Five Star Reviews!

Amazing Dinosaur Pictures and Facts Delivers Bigtime - I got this book to keep my 10 year old grandson occupied for a while and off the xbox or wii. Little did I know it would keep both of us occupied. I rarely see him as excited and engaged as he was turning each page and finding the next interesting fact. He is an excellent reader but he doesn't share with me after he reads a book usually. I could barely get a word in as he shared page after page. We had the longest discussion we've ever had I think. It aroused his curiosity and he started asking questions, some that we'll have to look up later.LOL I know this is one book we will read and discuss again. I highly recommend it and my grandson does too.

Dinosaurs Funny & Weird Extinct Animals - AMAZING! - I'm on the edge of my seat! I'm a dinosaur lover who feels like he just watched a dinosaur movie. This author, P.T. Hersom, writes my favorite children's books and this book is at the top of my list. The dinosaur photos look like they are from many different dinosaur parks around the nation. These are very clear and high quality, amazing dinosaur pictures that make this book extra interesting and a lot of fun!

Photos of prehistoric animals are in different situations and in full-color. All dinosaurs have a dinosaur name at the top of the picture with consistent listings of animal facts beneath the photo. Flip the page and there is a short "Tell Me More" section following up that particular dinosaur.

Be sure to check out the dinosaur photos in the quiz at the end! You'll have fun sharing this book with the

children in your life.....or just get a copy for yourself. This is a very good children's picture book that will hold any young child's interest, and just enough tips and facts to give older kids a nice edge up on a special classroom project.

Dinosaurs - Excellent - Funny - Extremely Well Written!! - Very Entertaining!! I just purchased this book for my nephew who loves everything about dinosaurs. This book is Fantastic!! The presentation, facts and awesome humor that's sprinkled throughout the book are outstanding! The illustrations are so vivid and detailed. The author, P.T. Hersom, created a wonderful read for children of all ages, including adults!! I totally enjoyed the book - from beginning to end - and am absolutely positive my nephew will love it. If you or your kids like to read or learn about dinosaurs, this is a MUST read - and you will want to re-read it many times over. There's just so much info and fun facts packed into this book. Excellent job, Persom!!! A very nice change from some of the junk that is being sold as a "book" these days. A MUST have for your kid's library - or Yours! Excellent!!!!
