Meditating Selflessly: Practical Neural Zen

James H. Austin

Meditating Selflessly: Practical Neural Zen James H. Austin

This is not the usual kind of self-help book. Indeed, its major premise heeds a Zen master's advice to be *less* self-centered. Yes, it is "one more book of words about Zen," as the author concedes, yet this book explains meditative practices from the perspective of a "neural Zen." The latest findings in brain research inform its suggestions. In *Meditating Selflessly*, James Austin -- Zen practitioner, neurologist, and author of three acclaimed books on Zen and neuroscience -- guides readers toward that open awareness already awaiting them on the cushion and in the natural world.

Austin offers concrete advice -- often in a simplified question-and-answer format -- about different ways to meditate. He clarifies both the concentrative and receptive styles of meditation. Drawing widely from the exciting new field of contemplative neuroscience, Austin helps resolve an ancient paradox: why both insight wisdom *and* selflessness arise simultaneously during enlightened states of consciousness.

Norma Ochoa:

That guide can make you to feel relax. That book Meditating Selflessly: Practical Neural Zen was colorful and of course has pictures on there. As we know that book Meditating Selflessly: Practical Neural Zen has many kinds or type. Start from kids until teenagers. For example Naruto or Private investigator Conan you can read and think that you are the character on there. Therefore not at all of book tend to be make you bored, any it offers up you feel happy, fun and relax. Try to choose the best book for you and try to like reading this.

Eric Rodriguez:

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library or to make summary for some e-book, they are complained. Just little students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore this Meditating Selflessly: Practical Neural Zen can make

you feel more interested to read.
