Forgotten Sacrifice: The Arctic Convoys of World War II (General Military) Michael G. Walling

Hitler called Norway the “Zone of Destiny” for Nazi Germany because convoys from Churchill's Britain and Roosevelt's United States supplied Stalin's Soviet Russia with critical equipment and foodstuffs during the darkest days of the German invasion.

The words "Murmansk Run" conjure visions of ice-laden ships and thoughts of freezing to death in seconds. For five long years, thousands of men and women fought ferociously in the coldest corner of hell on earth. Some fought for survival, some struggled to help others survive, and some sought to crush their enemies. If man-made death didn't get you, the Arctic's weapons of ice and cold would. These natural weapons killed regardless of whose side you were on or how just was your cause. No one escaped unscathed. Author Mike Walling captures the Arctic convoys' bitter essence in *Forgotten Sacrifice*.

The story launches in October 1939, when Germany and the Soviet Union began diplomatic maneuvering. The action accelerates with Winston Churchill's decision in 1941 to provide supplies to Soviet forces battling the German invasion. From this point until the closing days of WWII in spring 1945, an unremitting sea battle raged within the confines of the always-lethal, ever-shifting Arctic ice pack and the savage Scandinavian coastline. Nearly 4.5 million tons of supplies were moved in 77 convoys over the course of 5 years in order to help the Soviet war effort. The Allies fought to keep the sea lanes open to Murmansk while the Germans were determined to slaughter every ship which dared to make the attempt. By the end of the convoys, 98 ships had been lost. *Forgotten Sacrifice* reveals a timeless tale of determination, heroism, sacrifice, and the strength of the human spirit.
