I took my wife to a Caribbean fertility clinic... and the black doctors impregnate her in front of me!

Chris and Nicole have been trying to conceive for years, but nothing has worked. Right when they were about to lose hope, Nicole's best friend Amanda recommends a **Caribbean fertility clinic**. It worked for her, and she praises their *personal* touch. Chris can't find any information on this clinic, but Nicole has a blind faith in her best friend, and so the married couple makes the journey to the island, having no idea what they are getting themselves into...

The clinic has a **100% guaranteed pregnant policy**, but the one thing they don't guarantee is the ethnicity. A group of **well-hung black doctors** is standing by to make sure Nicole will go back home **pregnant**, one or way or another!
