Your Husband Can Be the Best Dad Ever!

Want to encourage your husband to get more involved in parenting? Let Dad be Dad. It sounds so simple--but thousands of moms struggle with entrusting their child to someone whose parenting style is different from their own, even if he is their child's father! *Make Room for Daddy* shows you how to lighten up and encourage the father of your child to do what he's designed to do: father, not mother, your children.

Writing from a wealth of experience, Elisa Morgan and Carol Kuykendall of MOPS International (Mothers of Preschoolers) help you understand the difference between and importance of both mommy and daddy styles of parenting. They not only show you why your husband isn't designed to parent the same way you do, but they also open your eyes to the benefits his approach has to offer. Best of all, they show the two of you how to capitalize on your differences so you can work together as a team raising a healthy, happy child.

Warmly written, encouraging, and immensely practical, *Make Room for Daddy* is your how-to guide to letting Dad to be Dad--and the best father he can possibly be.
