About the Book:

Are you among the many Americans who dream of starting a business but think you don’t know how? Help has arrived . . .

For generations, Dartmouth College and the Tuck School of Business have influenced and driven global entrepreneurship. Dartmouth firsts include the world petroleum industry, technological breakthroughs like artificial intelligence and BASIC computer language, as well as popular products, such as the Nerf football and the game Cranium.

Today a key resource for the Dartmouth Community is the Dartmouth Entrepreneurial Network (DEN), which helps anyone from undergraduates to faculty to alumni get their ideas off the ground and into the marketplace.

In *From Idea to Success*, entrepreneur, professor, and DEN founder Gregg Fairbrothers takes you step by proven step through the DEN approach, showing you how to apply the same principles to make your vision a reality. If you have an idea?any idea?from major technology innovations, to consumer products or services, to social enterprises, *From Idea to Success* shows you how to bring it to fruition.

This A to Z guide based on the startup experiences of literally hundreds of entrepreneurs makes the process simple as possible by breaking it down into three distinct parts:
