**The Fourfold Gospel: A Theological Reading of the New Testament Portraits of Jesus** Francis Watson

"*The Fourfold Gospel* displays all the virtues that readers have come to expect from one of the finest biblical interpreters of our day: depth and breadth of learning, exegetical prowess, clarity of argument, and sure theological judgment, all in the service of the truth of the gospel."

--**John Webster**, Professor of Divinity, St. Mary's College, University of St. Andrews

"What does it mean, theologically speaking, that we have four canonical gospels? Drawing on sources as diverse as Ezekiel's vision and Eusebius's canons, Francis Watson's reflection on this question is as astonishingly fresh as it is deeply grounded in the church's traditions. Not for specialists only, *The Fourfold Gospel* is rich and richly rewarding."

--**Beverly Roberts Gaventa**, Distinguished Professor of New Testament, Baylor University

"The contributions of Francis Watson are always innovative and incisive, and this book, which will win a large readership, is no exception. With his unrivaled ability to combine expert historical knowledge with interpretive acuity, he is like the ideal scribe in Matthew, who brings out of his treasure what is new and what is old."

--**Dale C. Allison Jr.**, Richard J. Dearborn Professor of New Testament Studies, Princeton Theological Seminary

"The old cliché about John's gospel is that it is like a sea in which a child may paddle or an elephant swim. The same could be said of this marvelous book, which makes an excellent introductory book for students while also brimming with both astute historical detective work and elegant and thoughtful (and sometimes moving) exegesis that is illuminating for the expert."

--**Simon Gathercole**, Reader in New Testament, University of Cambridge; Fellow and Director of Studies in Theology, Fitzwilliam College
