The Image of the City (and Other Essays) Charles Williams

When Charles Williams died in 1945 there remained to us of his work, besides his published books and those which he had in preparation for the press, a number of essays which had appeared in periodicals and elsewhere, many of which contain important statements of his ideas. A selection of these is printed here. - from the Introduction Charles Williams was one of the finest-not to mention one of the most unusual-theologians of the twentieth century. His mysticism is palpable-the unseen world interpenetrates ours at every point, and spiritual exchange occurs all the time, unseen and largely unlooked for. His novels are legend, and as a member of the Inklings, he contributed to the mythopoetic revival in contemporary culture.
