On the Warpath James Willard Schultz

This book is a thrilling Indian story written by a famous old-time frontiersman James Willard Schultz, (1859 to 1947). Schultz was a noted author, explorer, Glacier National Park guide, fur trader and historian of the Blackfoot Indians. While operating a fur trading post at Carroll, Montana and living amongst the Pikuni tribe during the period 1880-82, he was given the name "Apikuni" by the Pikuni chief, Running Crane. Schultz is most noted for his prolific stories about Blackfoot life and his contributions to the naming of prominent features in Glacier National Park.

On the Warpath, by James Willard Schultz, is a unique and odd story of a white man's experiences while living among Indians as one of themselves. It has an extraordinarily intimate effect, as if it might be a translation from some tale written in an Indian dialect. As a story it contains many incidents that will thrill young readers. For older ones it will be valuable as a study of Indian mental and spiritual life.

This book originally published by Houghton Mifflin in 1914 has been reformatted for the Kindle and may contain an occasional defect from the original publication or from the reformatting.
