A Disturbance of Shadows Jake Enholm

K'rok West is a mod, or modified human, whose gene-father was a famous naval commander in the Silence Wars. Born two hundred years after the faster-than-light pluralis drive was discovered, West was created as a weapon in the warfighting lab of a shadowy deceptive race. Stolen as a baby, and raised as an outcast, West searches for his place in the galaxy. He winds up in the Marines, the huge, augmented cyborgs that protect the Systems from the wildly diverse, and dangerous posthuman colonies spread throughout the Orion-Cygnus arm. Pursued by his creators and manipulated by godlike, silicon, descendents of man, West is destined to live a life engaged in conflict.
